What we cover

All our plan options have one major goal — to help you stay healthy and provide the quality coverage you need, when you need it. That's why, no matter which plan you choose, you're covered from preventive care to emergencies and plenty in between!

Built in benefits

Our plans include the essential health benefits (EHBs) mandated by the Affordable Care Act (ACA):

-  Ambulatory patient services (outpatient care you get without being admitted to a hospital)
-  Emergency services (going to the emergency room, also known as the ER) or urgent care center, when medically necessary
-  Hospitalization and inpatient services (such as surgery)
-  Laboratory and radiology services (includes blood work, screenings and X-rays)
-  Mental health and substance use disorder services (includes counseling and psychotherapy)
-  Pediatric dental and vision coverage for children up to age 19^{†‡}

Take care of yourself with no-cost, in-network preventive care

With Anthem, you pay no copay, no coinsurance and no deductible for covered **in-network** preventive services. So you can stay on top of your health care and your finances!*

-  Pregnancy, maternity and newborn care (care before, during and after pregnancy)
-  Prescriptions
-  Rehabilitative and habilitative services and devices (hospital beds, crutches, oxygen tanks)
-  Visits to doctors in your plan for preventive care services* (wellness exams, shots, screenings) and chronic disease management

* Nationally recommended preventive care services from in-network providers have no copay, no coinsurance and no deductible requirement. Preventive and wellness services consist of certain services, including well-child care, immunizations, prostate-specific antigen (PSA) screenings, Pap tests, mammograms and more, recommended by the United States Preventive Services Task Force.

† If you choose a medical plan with out-of-network benefits, embedded dental benefits will also be available through out-of-network providers. If you choose a plan that only includes in-network benefits, the dental benefits will only be available through in-network providers. Remember, you save money when using in-network providers no matter which type of medical plan you choose.

‡ The **pediatric dental** policy DOES NOT provide any dental benefits to individuals age 19 or older. The pediatric dental policy is offered, so the purchaser will have pediatric dental coverage as required by the ACA. A person age 19 or older will need to buy a separate adult plan if they want adult dental benefits. The pediatric dental policy WILL NOT pay for any adult dental care.

Pharmacy

Getting the most out of your pharmacy benefits can help keep you healthy and save you money. Here's what you need to know:

About our covered drug list

Anthem's pharmacy plans have a formulary/drug list, which is a list of covered prescription drugs that includes hundreds of brand name and generic medicines. Our individual and family plans use the Select Drug List, which offers drugs in every category and class that meet or exceed ACA requirements. The list tells you what tier your drug is in and provides guidance on how your cost shares are affected. Cost shares usually go up the higher the drug tier. Talk to your doctor about possible lower-cost options if your drug is in a higher tier.

Access all of your pharmacy information at [anthem.com](https://www.anthem.com)

- Find out if your medication is covered. Check out our Select Drug List at [anthem.com/pharmacyinformation](https://www.anthem.com/pharmacyinformation) and click on the link, **Colorado Select Drug List (Searchable)**.
- See if your preferred pharmacy is in the plan's network. Visit [anthem.com/pharmacyinformation](https://www.anthem.com/pharmacyinformation) and select the **Rx Networks** tab.
- Learn more about using your pharmacy benefits, your drug list and get answers to questions about prior authorization and step therapy. See our list of FAQs located on the **Customer Support** tab.

Together with medical – better and easier than ever

With our combined pharmacy and medical programs, your doctor has a better picture of your health which can help result in:

- Better overall health
- A simplified experience
- Fewer hospital stays and reduced medical costs*
- Increased cost savings for prescriptions*

Save with prescription drug benefits

Anthem wants to help lower the cost of your prescription drugs, improve your overall health and deliver top-notch customer service. Here's how:

A retail pharmacy network with two coverage levels helps provide savings and access

Level 1

Visiting CVS, Target, Wal-Mart, Kroger (King Soopers), Safeway, or any of our nearly 20,000 Level 1 in-network pharmacies give you the lowest out-of-pocket costs for your prescriptions.

Level 2

You can also visit one of our 50,000+ Level 2 in-network pharmacies, and your prescriptions will be covered for an additional cost.[†]

Go to [anthem.com/pharmacyinformation](https://www.anthem.com/pharmacyinformation) and select the **Rx Networks** tab to see if your preferred pharmacy is in Level 1 or Level 2. You'll save money by choosing a Level 1 pharmacy.

Save with Home Delivery Choice

We offer home delivery of your medicines right to your door. With the Home Delivery Choice program, you must choose how you want to get the medicines you take for ongoing conditions like indigestion, high blood pressure, high cholesterol or diabetes – at your local pharmacy or delivered to your doorstep.

We'll contact you by phone and mail to tell you about the program and its benefits. You can use a retail pharmacy for two fills, but after the second fill, your medicines will no longer be covered at your pharmacy until you make a final decision.

Using home delivery may help you save money. And it makes it easy for you to get your medicine quickly and safely.

* Outcomes based on 2014 integrated analysis. Results do not represent a guarantee of outcomes, group-specific results and cost savings will vary.

† Additional \$10 copayment or 10% coinsurance may apply.

How to choose a plan

Networks...why choosing a doctor in your plan matters

One thing to think about when shopping for a health plan is your health plan's network of participating providers.

When Anthem sets up medical, dental and vision networks, we negotiate with doctors, hospitals and labs on the cost of services. For example, a doctor may normally charge \$150 for an X-ray for a patient without medical benefits. We may negotiate with that same doctor to discount the rate for our Anthem members down to \$100. Once this agreement is made, the doctor becomes part of our network of health care providers.

Bottom line: If you have a favorite doctor, hospital or other health care provider, you should always check to see if that provider is in our network.

Providers in your plan may include:

Doctors, therapists, mental health providers and other health care professionals

Hospitals and outpatient facilities

Pharmacies

ERs and urgent care centers

Labs and radiology centers

Durable medical equipment, like hospital beds, crutches, wheelchairs and oxygen tanks (retail and online stores)

Our Find a Doctor tool — it's quick and easy

Go to [anthem.com/findadoctor](https://www.anthem.com/findadoctor) and search using the plan/network (**Anthem Pathway, Mountain Enhanced or PPO Catastrophic**) you're considering.

You'll get a list of providers, including detailed information about them like location, gender, specialty, certifications, availability and much more. Network availability may depend on where you live.

For searches on the go, download our **Anthem Anywhere** mobile app to your mobile device.

Types of networks

Depending on what type of plan you choose, your benefits and provider choices may be different:

- **Pathway and Mountain Enhanced networks:** With our health maintenance organization (HMO) plans, you have access to a wide range of doctors, health care providers and plans based on where you live in Colorado.

You have to choose a primary care doctor, but a referral is not required to see other in-network doctors. HMOs don't offer out-of-network benefits, except for emergency and urgent care or when a service is preapproved. If you go outside the network for any other reason, you'll have to pay 100% out of pocket.
- With our **PPO Catastrophic** plan (available off the Marketplace only), you get access to our widest network of doctors and hospitals in Colorado. You choose a primary care doctor to manage your care needs, but no referrals are required. This plan is available to people under age 30 or who qualify for a hardship exemption.

Travel coverage

Whether you're traveling for work or on vacation, going to the ER or urgent care is probably the last thing you want to worry about. The good news is you don't have to! With the Blue Cross and Blue Shield Association's BlueCard® program, you can access care no matter where you are in the U.S.

In the U.S.

All of our plans cover medically necessary emergency and urgent care in all 50 states.

Our PPO Catastrophic plan also includes coverage for non-emergency care across the U.S. You can see any provider you wish, but you'll pay less out of pocket when you visit participating BlueCard providers and hospitals.

Guest Membership/Away From Home Care when temporarily living out of state - HMO

Will you or a family member be living away from home and outside of your health plan's service area for more than 90 days? With our HMO plans, we can cover you. Just ask for a guest membership (also known as Away From Home Care) to one of our affiliated Blue Cross and Blue Shield plans in that area.

A guest membership lets you become a "guest" of that other health plan and enjoy its benefits and coverage. It comes in handy for students going to college in another state. After you're a member, call Guest Membership at 800-827-6422 to learn more. Guest memberships aren't available in all areas.

The difference between doctors in the plan and doctors outside the plan

Doctors in the plan:

Doctors and other health care providers who contract with us to provide care at discounted rates.

Doctors outside the plan:

Doctors and other health care providers who are not contracted with the health plan.

If you choose to go to a doctor not in your plan, you'll pay more out of pocket.

What do you need?

Choosing the right health care plan can be challenging. To help you decide, consider the questions below. And remember, your broker or Anthem representative can provide answers and give advice.

What matters most to you?

-  **Does the plan meet your coverage needs?** How often do you see doctors and specialists? What prescription medications do you take regularly? Are you planning any procedures this year?
-  **Do you have a certain doctor you like to see?** If you answered yes, then you can use our Find a Doctor tool at [anthem.com/findadoctor](https://www.anthem.com/findadoctor) to check if your doctor is in the plan you're considering.
-  **Do you need to know if your medication is covered?** Check out our drug list at [anthem.com/pharmacyinformation](https://www.anthem.com/pharmacyinformation) and click on the link, **Colorado Select Drug List (Searchable)**.
-  **Is a Catastrophic plan an option?** If you're under age 30 or are 30 or older with an approved hardship exemption from Connect for Health Colorado (your state's Marketplace) you may qualify for a high deductible, low monthly payment, Catastrophic plan. Catastrophic plans can help protect you from worst-case scenarios like serious accidents or illnesses.

Plan choices

Metal Levels

Health savings account (HSA)

If you like the idea of lowering your health care costs and your taxes, a health savings account (HSA) could be a good option for you.

- **What is it?**
It's a savings account you can open when you have a qualified high-deductible health plan (HDHP). You set up the HSA through a bank and fund it with your post tax dollars.
- **Why choose it?**
It can help you pay for health care expenses, including prescriptions. Plus, you can claim your HSA contributions as tax deductions, earn interest on your money and roll over the year-end balance.
- **How can you learn more?**
Check with your tax advisor to see if an HSA plan is right for you. For more information on HSAs, review our HSA flier included with this brochure.

How your plan might work

With most health care plans, you pay a monthly fee called a premium; then, you share some of the cost of covered services you receive with your health insurance company. **With Anthem, you choose the level of cost sharing that works for you.**

Here’s an example: Meet Jason*

To show you how your health plan might work, we’d like to introduce you to “Jason.” The cost-share amounts used in this example may not apply to the plan you choose. This is just an example. Be sure to look at the actual benefits for each plan when you’re deciding.

Jason’s story

After injuring his knee in a soccer game, Jason chooses a doctor in our network, which saves him the most money. Jason pays a copay or coinsurance based on Anthem negotiated rates because he uses doctors in our network. **Below, see how Jason’s benefits work, his treatment costs and why it’s important to have health insurance:***

Jason's health plan has the following benefits:

- \$2,000 deductible
- 30% coinsurance
- \$5,000 out-of-pocket limit
- \$35 copay for primary care doctor visits

Copay On some plans, you pay a fixed-dollar amount or copay for certain services. For example, you may have a \$35 copay for in-network primary care doctor visits.	Let's take a closer look at Jason's doctor visit: ◦ Doctor visit cost (without insurance): \$200 ◦ Anthem's negotiated rate: \$140 ◦ Anthem pays: \$105 ▶ Jason paid: \$35 (This is his plan's copay for primary care doctor office visits.)
Deductible You pay this amount for covered medical services each calendar year, from January 1 through December 31. Your deductible starts over each calendar year. Examples of covered services that apply to the deductible include lab work, X-rays, anesthesia and surgeon fees.	Here's what happens when Jason's doctor orders an approved magnetic resonance imaging (MRI) of the knee and recommends surgery: MRI ◦ MRI cost (without insurance): \$1,500 ◦ Anthem's negotiated rate: \$1,000 ▶ Jason paid: \$1,000 (Jason's payment counts toward his plan's \$2,000 deductible.) Surgery ◦ Hospital/surgery costs (without insurance): \$50,000 ◦ Anthem's negotiated rate: \$35,000 ▶ Jason paid: \$1,000 (Jason's payment satisfies the remaining \$1,000 deductible.) ◦ Remaining cost of surgery: \$34,000

Coinsurance (your percentage of the cost)

Once you've met your deductible, Anthem starts paying a portion of your claims. Then, you and Anthem share responsibility for your health care bills. Your coinsurance is the percentage that you must pay for certain covered services. Having met his deductible, Jason begins to pay coinsurance on covered services that require it.

Out-of-pocket limit

This is the most you pay during a calendar year for covered services. Your combined deductible, coinsurance and copay costs typically make up your out-of-pocket limit. Once you meet this limit, your health insurance covers 100% (of the maximum allowed amount) of covered services for the rest of the calendar year.

Summary

Jason paid far less out of pocket because he had health care coverage and stayed in our network. If Jason had used a doctor outside our network, he would have paid more.

Keep in mind if your plan doesn't include coverage for out-of-network benefits, you'll pay the full cost for services from doctors not in our network with the exception of medically necessary emergency and urgent care.

Let's check in to see Jason's final costs for surgery:

- *Coinsurance* (30% of \$34,000): \$10,200
- ▶ **Jason paid:** **\$2,965**
(Jason's payment satisfies the remainder of his \$5,000 out-of-pocket limit. Even though Jason's coinsurance is 30% or \$10,200, he only has to pay a portion of that to meet his \$5,000 out-of-pocket limit.)

Jason has met his in-network out-of-pocket limit and the remaining surgery costs are paid by Anthem:

- *Anthem pays:* \$31,035
- *Jason's out-of-pocket limit:* \$5,000

Let's check in to see Jason's final costs:

- *Total for the doctor visit, MRI and surgery (without health insurance):*
. \$51,700
- *Total Anthem paid after discounts:* \$31,140
- ▶ **Total Jason paid:** **\$5,000**
(\$35 office visit + \$2,000 deductible + \$2,965 coinsurance = \$5,000)

Qualify for financial help?

With the Affordable Care Act (ACA), most people have to get health care coverage unless they qualify for an exemption. But you may be eligible for financial help to pay for your insurance.

Your medical plan may not cost as much as you think

Depending on your income and family size, you may qualify for an advance premium tax credit (APTC) on any metal level plan, excluding Catastrophic plans, when you buy a plan through Connect for Health Colorado. If you qualify, you may be able to enroll in certain Silver plans available on Connect for Health Colorado that offer a reduction in the deductible, copays and out-of-pocket costs charged under that plan. This is called a cost-share reduction (CSR) plan (also called cost-sharing subsidy). These options are shown in the chart below as S04, S05 and S06.

Use the chart below to see if you qualify for a cost-sharing subsidy.

1. Find your family size. Then, figure out your yearly income and move across the row to find the income range that applies to your household.
2. Look at the percentage at the top of the chart to see where you fall on the Federal Poverty Level (FPL).
3. Move up to the second row to find the plan you qualify for.*

* Other medical plans are available, but are not eligible for a subsidy or cost-share reduction.

Avoid tax penalties

If you don't enroll in a medical plan, you may have to pay a penalty – unless you qualify for an exemption. Penalties are based on your income and increase each year for inflation. To learn how tax penalties could affect you, contact a tax advisor.

What does it mean to shop on or off the Marketplace?

The medical plans you see in this brochure are only available off of Connect for Health Colorado (your state's Marketplace). We have lots of plans to choose from, and we can help you find one just right for you.

Does the chart show you qualify for a Silver CSR plan? Then, you'll need to shop on Connect for Health Colorado. You can still buy an Anthem plan at [ConnectforHealthCO.com](https://connectforhealthco.com), where you can take advantage of an APTC or Silver CSR plan, if you qualify.

Whether you shop on or off the Marketplace, you can compare plans and get a quote on the plan that fits your needs. Visit anthemchoices.com or contact your broker or Anthem representative to find a plan that is right for you or to find out if you are eligible for a CSR.

Overview of plans

Understanding insurance terms

In-network preventive care is covered at no additional cost to you!*

Insurance terms can be confusing. Here's a quick look at some commonly used health insurance terms.

Take a look at the following pages to see the individual and family medical plan choices offered by Anthem, including a sample of commonly used benefits and how they're covered under each plan. **Cost-share and benefit information shown is for *in-network* services only.**

For more information, contact your broker or Anthem representative. You can also view and compare plans on [anthem.com](https://www.anthem.com).

Plan name	Plan name and contract code are found in the first row of the medical plan charts. Look for this when you're applying for a plan. The contract code is in parentheses after the plan name.
Plan includes out-of-network coverage?	Indicates whether the plan includes coverage for out-of-network benefits. In-network refers to doctors who are part of the plan's network. Out-of-network refers to doctors who don't participate in the network.
Deductible	The deductible is a set amount that you pay out of pocket each year before your plan starts paying for covered services, except for in-network preventive services.* <i>For example:</i> If your deductible is \$5,000, your plan won't pay anything until you've met your \$5,000 deductible for covered health care services. Some plans may cover certain services, such as doctor office visits, before you meet the deductible. Our plans have embedded family deductibles, where each covered family member only needs to satisfy his or her individual deductible, not the entire family deductible, before receiving plan benefits. No one family member pays more than the individual deductible. The medical plan charts display the individual deductible. Family deductibles are two (2) times the individual amount for most plans and three (3) times the individual amount for Gold plans. Note: You must meet your deductible every calendar year (January 1 through December 31), even if your effective date (the date your coverage begins) is later than January 1.
Out-of-pocket limit	The out-of-pocket limit is the most you pay during a policy period (each calendar year) before your health insurance or plan pays 100% of the maximum allowed amount. <i>For example:</i> If your out-of-pocket limit is \$6,850, you will continue to pay your coinsurance and copays, if applicable, until you've met your \$6,850 out-of-pocket limit. Once you have met your out-of-pocket limit, your plan pays 100% of the maximum allowed amount for covered services for the rest of that calendar year. This limit never includes your monthly payment (premium), additional charges from the doctor (balance billing), or services your plan doesn't cover. The amount includes deductible, copays, coinsurance and pharmacy costs. The medical plan charts display the individual out-of-pocket limit. Family out-of-pocket limits are two (2) times the individual amount.
Coinsurance	Your percentage of the cost (Coinsurance) is the amount you pay for covered health care services. It's a percentage of the cost of services after the deductible has been paid. <i>For example:</i> A health plan pays 80% of the maximum allowed amount for a service and you pay the remaining 20%. All medical plans have coinsurance, but the percentage may vary by health care service.
Copay	A copay is a fixed fee that you pay out of pocket for each visit to a health care provider. <i>For example:</i> If your copay is \$50, then you pay \$50 when you see your in-network doctor — usually at the time you receive treatment. The amount of your copay may depend on the type of health care service you receive.

* Nationally recommended preventive care services from in-network providers have no copay, no coinsurance and no deductible requirement. Preventive and wellness services consist of certain services, including well-child care, immunizations, prostate-specific antigen (PSA) screenings, Pap tests, mammograms and more, recommended by the United States Preventive Services Task Force.

Our plans' built-in extras

At Anthem, we want to be more than your health benefits plan — we want to help you meet your day-to-day health and wellness goals. That's why we offer a variety of programs, discounts and tools to support you being your healthy best.

Health and wellness resources

Whether you're looking for one-on-one coaching or pregnancy support, we're here to give you the guidance you need, when you need it — at no extra cost. **Here's how:**

24/7 Nurseline — is staffed with registered nurses who are just a phone call away at any time. Nurses can answer questions about a medical concern or help you choose the right level of care. Plus, you can call the same phone line and listen to hundreds of health topics in the AudioHealth Library.

Care Support — gives you the extra care and support you need for your ongoing or complex health issues. A case manager may call you to see how we can help keep your condition in check and give you information as well as emotional support services.

And don't forget about those regular checkups! Your yearly exams, flu shots and other preventive care services are covered 100% when you visit in-network providers. These services can give you extra support in managing your health or a specific health condition.

MyHealth Advantage — helps keep you healthier. We review your incoming health claims and remind you if you've missed a routine test or checkup. We also check the medications you take in the event your doctor needs to be alerted of possible drug interactions or if you could save money. If we find something that can help you, we'll mail you a confidential MyHealth Note. Or, download the Anthem Anywhere app and choose to receive your personalized, secure health messages on-the-go through the Mobile Inbox.

Enhanced Personal Health Care

Enhanced Personal Health Care (EHPC) is a kind of doctor-patient relationship created just for Anthem members!

We put members in a unique circle of care, making them the central focus of a team approach to their overall health.

Enhanced Personal Health Care — a program that:

- Helps to improve your patient experience with better access to a primary care doctor who cares for the “whole person” and becomes your health care champion and helps you navigate the health care system.
- Gives doctors added support with the right tools and strategies to help strengthen your doctor-patient relationship, so doctors can spend more time with you and coordinate your care with other doctors.

To find out if your primary care doctor is in the EPHC program, go to [anthem.com/findadoctor](https://www.anthem.com/findadoctor). If your doctor is in the program, you'll see Quality Snapshot within the doctor's listing and the EPHC designation (a heart symbol with a plus sign) under Other Certifications.

Together, you and your doctor work to make the best choices for your health care.

Ready to enroll? Let's get started.

If you're ready to take the next step and enroll, we're here to help you every step of the way.

To get started, you'll need to have the following information handy:

- 1 Employer and income details** (for example, pay stubs and W-2 forms) for every member of your household who needs coverage
- 2 Policy numbers and insurer names** for any current health insurance plans covering members of your household
- 3 Name of every job-based health insurance plan** for which you or someone in your household is eligible

Then, you can:

- 4 Call your broker or Anthem representative** to enroll or learn more about our health care plans. Take a look at the application included with this brochure.
- 5 Visit our website** at [anthem.com](https://www.anthem.com) and apply online.

Generally, plans can be purchased once a year through an open enrollment period. This year, the open enrollment period runs from November 1, 2016 through January 31, 2017. Be sure to enroll by December 15, 2016, to start coverage effective January 1, 2017.

There are special qualifying events that may allow you to change your health coverage outside of the open enrollment period. Check with your broker or Anthem representative to see if you qualify or if you have other questions about open enrollment.

Your broker or Anthem representative can help you enroll. You can also apply online at [anthem.com](https://www.anthem.com).

Simplified payments

You can set up a recurring payment using electronic funds transfer (EFT) or bank draft, which means your premium will automatically be paid from your bank account each month.

You can also use WebPay to make your monthly payments. This payment program allows you to enroll in automatic recurring payments with a Visa or MasterCard debit or credit card.

If you choose to make regular credit card payments, make sure your card's expiration date and other account information stays up to date.

We want you to be satisfied

After you enroll in one of our plans, you'll have access to an *Evidence of Coverage (EOC)* or *Booklet* that explains the terms and conditions of coverage, including exclusions and limitations. You'll have 10 days to examine your *Booklet's* features. If you're not fully satisfied during that time, you may cancel your coverage and your premium will be refunded, minus any claims that were already paid.

This document is only a brief summary of benefits and services. Our plans have exclusions, limitations and terms under which the *Booklet* may be continued in force or discontinued. For more complete details on what's covered and what isn't:

- Review the *Booklet*.
- Call your broker or Anthem representative.
- Go to [anthem.com](https://www.anthem.com).

To view a copy of both a ***Summary of Benefits and Coverage (SBC)*** and the ***CO SBC Supplement***, please visit sbcsbc.anthem.com and select **Member**.

The health plans described in this document aren't eligible for a premium tax credit or subsidy/cost-sharing assistance. The Affordable Care Act (ACA) helps people with low or modest incomes pay for their health insurance with premium tax credit or subsidy. You can only get financial help if you're eligible and you buy your individual health coverage through Connect for Health Colorado.

In compliance with the ACA, the following plan changes may occur annually on January 1:

- Benefits
- Premiums
- Deductibles, copays, coinsurance and out-of-pocket limits

There may also be changes to our prescription formulary/drug list, and pharmacy and provider networks during the year.

Still have questions?

Please reach out to your broker or Anthem representative. If you're stuck and unsure about next steps, we're here to listen and offer advice. We know there's a great plan out there just for you - let us help you find it!

Important legal information

Before choosing a health benefit plan, please review the following information along with the other materials enclosed.

Eligibility

You can apply for coverage for yourself or with your family. You must be a resident of the State of Colorado and not entitled to or enrolled in Medicare. Family health coverage includes you, your spouse or domestic partner and any dependent children. Children are covered to the end of the month in which they turn age 26.

Eligibility for a catastrophic plan

You are eligible for this plan if you:

- are under age 30 before the plan's effective date; or
- have received certification from Connect for Health Colorado that you are exempt from the individual mandate because you qualify for a hardship exemption or don't have an affordable coverage option

Open Enrollment

An annual open enrollment period is provided for enrollees. Individuals may enroll in a plan, and members may change benefit plans at that time.

Special Enrollment and Changes Affecting Eligibility

In addition to open enrollment, an individual can enroll during the special enrollment period. This is a period of time in which eligible individuals or their dependents can enroll after the open enrollment, typically due to an event such as marriage, birth, adoption, or other qualifying events as defined by law.

Depending on the event which triggered the special enrollment period, coverage may be effective as of the date of the qualifying event.

Effective Date of Coverage

The earliest effective date for the annual open enrollment period is the first day of the following calendar year. The actual effective date is determined by the date Anthem receives a complete application with the applicable premium payment.

Managing your care if you need to go to a hospital or get certain medical treatment

If you or a family member need certain types of medical care (for example: surgery, treatment in a doctor's office, physical therapy, etc.), you may want to know more about these programs and terms. They may help you better understand your benefits and how your health plan manages these types of care.

Utilization Review

Utilization review is a program that is part of your health plan. It lets us make sure you're getting the right care at the right time. Our utilization review team, made up of licensed health care professionals such as nurses and doctors, does medical reviews. The team goes over the information your doctor has sent us to see if the requested surgery, treatment or other type of care is medically necessary. The utilization review team checks to make sure the treatment meets certain clinical guidelines set by your health plan. After reviewing the records and information, the team will approve (cover) or deny (not cover) the treatment. The utilization review team will let you and your doctor know as soon as possible. Decisions not

to approve are put in writing. The written notice will include information on how to appeal the decision and about your rights to an independent medical review.

We can do medical reviews like this before, during and after a member's treatment. Here's an explanation of each type of review:

The pre-service review (done before you get medical care)

We may do a pre-service review before a member goes to the hospital or has other types of services or treatment. Here are some types of medical treatments that might call for a pre-service review:

- An inpatient hospital visit;
- An outpatient procedure;
- Tests to find the cause of an illness, like magnetic resonance imaging (MRI) and computed tomography (CT) scans;
- Certain types of outpatient therapy
- Durable medical equipment (DME), like wheelchairs, walkers, crutches, hospital beds and more

The concurrent review (done during medical care and recovery)

We do a concurrent review when you are in the hospital or are released and need more care related to the hospital stay. This could mean services or treatment, such as physical therapy or durable medical equipment. The utilization review team looks at the member's medical information at the time of the review to see if the treatment is medically necessary.

The post-service review (done after you get medical care)

We do a post-service review when you have already had surgery or another type of medical care. When the utilization review team learns about the treatment, they look at the medical information the doctor or provider had about you at the time the medical care was given. The team then can see if the treatment was medically necessary.

Case Management

Case management is conducted by a licensed health care professional, who works with you and your doctor to help you learn about and manage your health conditions. They also help you better understand your health benefits.

Precertification

Precertification is the process of getting approval from your health plan before you get services. This process lets you know if we will cover a service, supply, therapy or drug. We approve services that meet our standards for needed and appropriate treatment. The guidelines we use to approve treatment are based on standards of care in medical policies, clinical guidelines and the terms of your plan. As these may change, we review our precertification guidelines regularly. Precertification is a type of pre-service review.

Here's how getting precertification can help you out:

Saving time. Preauthorizing services is a process of verifying, in advance, whether a proposed treatment, service or supply is medically necessary and/or medically appropriate. The doctors in our network ask for prior authorization for our members.

Saving money. Paying only for medically necessary services helps everyone save. Choosing a doctor who's in our network can help you get the most for your health care dollar.

What can you do? Choose an in-network doctor. Talk to your doctor about your conditions and treatment options. Ask your doctor which covered services need prior authorization or call us to ask. The doctor's office will ask for prior authorization for you. Plus, costs are usually lower with an in-network doctor. If you choose an out-of-network provider, be sure to call us to see if you need prior authorization. Out-of-network providers may not do that for you. It is important to understand that not all plans offer out of network coverage, with the exception of emergency or urgent care. Please review the Booklet in order to determine your benefits. Once you're a member, if you have a question about prior authorization, you can call the Member Service number on the back of your ID card.

In-network Providers

In-network providers are the key to providing and coordinating your health care services. Benefits are provided when you obtain covered services from providers located in the State of Colorado; however, the broadest benefits are provided for services obtained from a primary care physician (PCP), specialty care physician (SCP), or other in-network providers.

With our preferred provider organization (PPO) plans, you have the freedom to see any in-network doctor you choose. With our health maintenance organization (HMO) plans, you choose one of our in-network PCPs who helps to coordinate your care. When you need to see other in-network doctors, a referral from your PCP is not required.

Services you obtain from any provider other than a PCP, SCP or another in-network provider are considered an out-of-network service, except for emergency care or urgent care, or as an authorized service if you purchase one of our HMO plans.

Out-of-network Providers

For HMO plans, services will only be covered services if rendered by providers located in the State of Colorado unless:

- The services are for emergency care, urgent care or ambulance services as specified in the Booklet; or
- The services are approved in advance by Anthem.

Covered services which are not obtained from a PCP, SCP or another in-network provider or not an authorized service will be considered a out-of-network service. The only exceptions are emergency care and urgent care. In addition, certain services are not covered unless obtained from an in-network provider; see your Summary of Benefits. Emergency care from an out-of-network provider is based on the allowable charge determined by us. This means that you may be responsible for the difference between what we allow and what the provider chooses to bill.

For our PPO Catastrophic plan, covered services rendered by out-of-network providers are covered, but your share of the costs may be greater.

For services rendered by an out-of-network provider, you are responsible for:

- The difference between the actual charge and the maximum allowed amount plus any deductible and/or copayments/coinsurance;

- Services that are not medically necessary;
- Non-covered services;
- Filing claims;
- Higher cost-sharing amounts

Laws and rights that protect you

As a member, you have rights and responsibilities. You have the right to expect the privacy of your personal health information to be protected, consistent with state and federal laws and our policies. You also have certain rights and responsibilities when receiving your health care. The specific limitations are spelled out in the terms of the particular plan, but some of the more common services limited by these plans are:

A closer look at your BenefitWallet HSA

BenefitWallet Welcome Materials

If you make the selection on your application form, your HSA will automatically be set up - no set-up fee required. You'll soon receive HSA welcome materials with all of the instructions for opening and using your account. A separate application for your account is only required if you choose an HSA administrator other than BenefitWallet.

Interest and investments

You'll earn interest on your HSA funds and have the chance to invest your funds as long as you keep a minimum \$1,000 HSA balance. Investment options include a number of mutual fund families. Once you're ready to invest, log in to your account and select "Investments" from the Quick Links menu or contact the BenefitWallet Service Center at **866-686-4798**, Monday through Friday, from 8 a.m. to 11 p.m. ET.

Debit cards, checkbooks and online bill pay

Use your VISA debit card, your HSA checkbook or online bill pay (provided by BenefitWallet) to pay your doctor or pharmacy directly for eligible medical expenses — or to reimburse yourself for qualified medical expenses paid out of pocket.

Deposits to your account

You can make your deposits online or with a mobile app. You can also send a check and deposit slip to the address printed on your deposit slip. Deposit slips can be found at the back of the checkbook, online through the Help Center or through the BenefitWallet Service Center. In addition, you can set up an electronic funds transfer between your bank and BenefitWallet for one-time or recurring account contributions.

Account activity statement

Regularly, you'll receive an electronic statement from BenefitWallet that shows all your account activity. Your monthly statement is free if you open your account electronically. You can receive a paper statement for an additional fee of \$1.25 per month. Visit anthem.com or call your dedicated Customer Service line to learn how to elect this option. You'll also receive *IRS 1099* and *IRS 5498* forms from BNY Mellon near tax time to help with tax preparation.

BenefitWallet HSA fee and rate schedule

A *Deposit Agreement and Disclosure Statement*, along with a *Rate and Fee Sheet* will be made available to you by BenefitWallet. Please refer to those documents for the complete terms and conditions related to your account.

As appealing as these options may sound, you should still talk to your tax advisor when trying to maximize financial benefits for your personal situation.
